Subject: [illegible] found in Jack Ruby's car

Sir:

I contacted Mr. Leo Navarro, 1323 Claude, who owns the Navarro Garage at 615 South Henley Drive. He stated he had never met Mr. Ruby, but that a friend of his, a Mr. V. E. Morelli, had given Ruby his name and the address of his garage when Ruby asked Mr. Morelli where he could find a good mechanic. Ruby never brought his car to Navarro for repair work.

Mr. V. E. Morelli, 715 West Pembroke, [illegible], states that Jack Ruby traded at his Texaco Service Station at Ewing and Clarendon for about one year. However, he did not know Ruby very well. He gave Ruby a card with Leo Navarro's address on it when Jack asked him where he could find a honest mechanic. Morelli never did see Ruby with anyone that fit Oswald's description.

Darrell D. Whittier worked at Morelli's service station and took care of Ruby's work for him. Mr. Whittier stated he does not know if they were friends or had relations other than that of customer and station attendant or not. Whittier was arrested November 1, 1963 for burglary of National Guard Armory in Terrell, Texas. I understand that he has been convicted of this burglary in Federal Court.

Mr. R. J. Wilson, 3010 Fitzhugh, [illegible] contacted. He stated that he knew Jack Ruby when he ran the Silver Spur Lounge. He met Jack about two weeks prior to November 22 on the sergeants' beat. They greeted each other and Jack asked Wilson what he was doing for a living. Mr. Wilson gave Ruby his business card and told him to come to see him. Mr. Wilson states that to his knowledge Ruby was never in his place.

The Texaco Service Station at 65th and Ferguson Streets was purchased by Mr. Morelli in the Spring of March, 1964 from Mr. C. [illegible] Harris. Mr. Morelli does not know where Mr. Harris could be contacted.

Respectfully
